Does anyone have a copy of the old Heathkit RF Signal Generator schematic (or even the manual) that I could get a copy of? I have one of these old dears that I picked up at a hamfest, and it's a little ill (used to work just fine). Barring that, a lead as to where I might find such info would be much appreciated.

Thanks,
Todd

Hi Gang,

Thanks to all who replied to the question on the use/non-use of primer under black wrinkle paint. Since the results seem mixed I plan to do some test panels using both methods and see what seems to work best. I'll report results back to the group.
